

Brass

Family

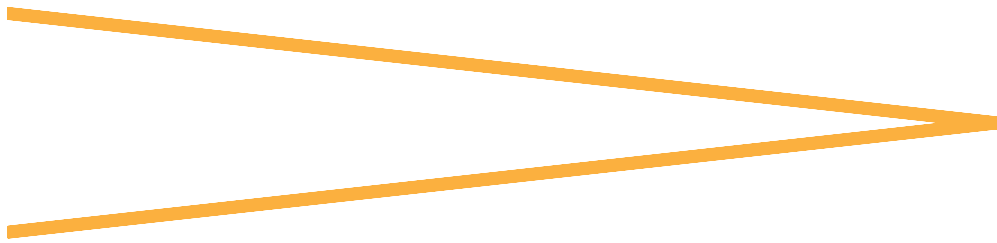

Trombone

Horn

All brass instruments are basically a long metal tube that's wrapped and bent and otherwise shaped so that it can be held and played. To create sound, brass players blow air into a mouthpiece.

Decrescendo

Get gradually softer.

Leonard
Bernstein
(1918 - 1990)

American composer and conductor who blended classical and popular styles, including jazz, in his works, which include the musical *West Side Story*.
