

Music-Rhythm Sum #1

Directions: Fill in each of the white boxes using one of the notes below. The number to the left of a set of boxes is the rhythm-sum total of the white boxes. The number above a set of white boxes is the rhythm-sum total of the white boxes below it. For example, the first two boxes must equal 7. Therefore they must be a whole note and a dotted half note, because a whole note equals 4 beats and a dotted half note equals 3 beats, and 4+3=7. You can only use each note once in any given set of white boxes. There may be more than one correct answer.
