

MUSICAL ALPHABET SOUP

January is National Soup Month! On a chilly winter day, there's nothing that warms you up like a nice bowl of hot soup. Find your way through this mixed-up maze by following the letters of the musical alphabet.

THE BUSIEST DAY

National Read-a-Roadmap Day is April 4, and what better way to celebrate than by reading a music “roadmap”? First, name the notes on the staff to complete the story. Then read through the story, making sure to follow the musical directions as you would in a song. Finally, label in the blanks at the bottom of the page the places Deb visited in the correct order. Her first stop has been labeled for you:

In the morning _____ jumped out of _____ and prepared

for the day. In a _____ she went to a _____

for an _____ and toast. to the pet store for a _____

and seed to _____ her bird. She bought some cream at the

market to _____ on her _____

at the deli for dinner. She then met her friend at a theatre on the

_____ of town to see a movie. She went home and wanted

to lay on her _____ couch but had to _____

water to her bird's _____ . She then went _____ couch.

_____ Deli 1 Café _____ Theatre _____ Home _____ Pet Store _____ Market

On Par

Have you ever gotten a hole in one? September 21 is Miniature Golf Day! "On par" means that the golfer has taken the anticipated number of strokes to get the ball in the hole. Look carefully at the rhythm patterns in each flag. Score a par by writing the number of beats that you see in each flag on the golf ball below it.

The image contains six flags on golf balls arranged in two rows and three columns. Each flag is on a grey pole and has a different musical symbol on it. Below each flag is a white golf ball with a dimpled texture. The symbols are: Row 1: Quarter note, Half note, Whole note; Row 2: Quarter rest, Half rest, Whole rest.
